About Us

St Martha Institute of Nursing founded in the year of 2019 as one of the charity of SVJ Foundation Guwahati, it was started with the tireless effort from Mr. Varghese KA (Chairman of St Martha Institute of Nursing) with constant support from Fr Sijo George OSB and all other trustees.

Initially we started with 4-year B.Sc Nursing program in 2019 and in the year 2021 we inducted 3-year GNM course as well.

Our Institute has well-equipped laboratories for proper training of students. We also concentrate on holistic development of our students with additional emphasis on co-curricular activities - cultural & sports. We are also proud to state that we have created a benchmark in the educational standards which is mirrored upon by the achievements of our students which involves a number of ranks at the University level Examination in the year 2021.

Highly Esteemed and Qualified Faculty with Years of Rich Experience in the field of Nursing Education & Medical Practices. Sprawling Campus and world-class Infrastructure. State-of-the Art Facilities, Fully Furnished Hostels and transportation facilities.

In 2021 We received an award of the **Best Emerging Nursing College in North East by the Famous News Channel 'News 18 Assam'**

Mr. Varghese K Abraham

Chairman, St. Martha Institute of Nursing

Vision

To be recognized as a leading and unique institution offering high standard nursing education to create highly skilled nursing professionals who render quality nursing care.

Mission

To provide high quality nursing education with a broad theoretical base and diverse clinical experience that enhances the individual to become a good leader in professional practice of nursing.

Nursing

Nurses play a key role in Hospitals. They communicate with patients, understand them and take exceptional care of them along with administering medicines. With growing patient expectations and needs, the role of a nurse is also evolving. Nurses promote health, prevent disease and help patients cope with illness. A nursing degree can open you up to an exciting, rewarding career in healthcare, full of diverse opportunities. Nurses promote healthy lifestyles, provide direct patient care. As key members of healthcare teams, they provide our communities with the knowledge needed for healthy living.

Principal's Message

Warm Greetings! It is with great pride and honor that I welcome you to St Martha Institute Of Nursing.

The World Health Organisation defines nursing as a profession that encompasses autonomous and collaborative care of individuals of all ages, families, groups and communities, sick or well and in all settings. It includes the promotion of health, the prevention of illness, and the care of ill, disabled and dying people.

Nurses have a unique scope to practice independently, although they also collaborate with all members of the health care team to provide the care needed by each patient as an individual.

Nursing offers a wide range of career opportunities—from entry-level practitioner to doctoral-level researcher. Nurses are hands-on health professionals who provide focused and highly personalized care.

As the population grows and ages, there is an ever greater need for qualified nurses to provide the necessary care.

SMIN gives you the opportunity to pursue higher Nursing education not only in the thrust areas but also in the conventional fields. Our college is expected to pursue an intellectual social and physical requirement in which scholarship and learning may thrive. It is a prime center for nursing in Assam. It offers you the best opportunity for professional education and research programs of high standards, I assure you of the beautiful infrastructure, well equipped laboratories, Library and excellent Clinical faculties in the various Departments. We welcome and encourage young aspirates to pursue their academic and social goals with joy.

Mrs. Anamika Bhuyan

Principal, St. Martha Institute of Nursing

Placement Assistance

The Institute is tie-up with many multispecialty hospitals in India for placement and during the course time institute will provide free IELTS and OET classes, it will helps the students to get job in European & American countries.

IELTS

The International English Language Testing System (IELTS) measures the language proficiency of people who want to study or work where English is used as a language of communication. It uses a nine-band scale to clearly identify levels of proficiency, from non-user (band score 1) through to expert (band score 9).

OET

The Occupational English Test (also known as OET) is the English language test for healthcare professionals. It assesses the language communication skills of healthcare professionals who wish to register and practice in an English-speaking environment

OET is available for the following 12 professions: dentistry, dietetics, medicine, nursing, occupational therapy, optometry, pharmacy, physiotherapy, podiatry, radiography, speech pathology, and veterinary science.

Hostel & Mess

Hostel is a place where a student looks forward to be after a hard day at the college and the college has tried our level best to make it as a home away from home. We provide separate Independent hostel for girls.

The hostel is well managed by a dedicated and humane management team, operating staff available round the clock, to take care of all basic needs, including any unforeseen circumstances like medical help, which is available in nearby hospitals and clinics of the highest standards and quality.

Finally, a full stomach is what is necessary to continue remaining energetic throughout the day and this is ensured at our hostel to strike the right balance between nutritious and tasty meals.

Facilities at Hostel

- ✓ Carefully Planned Menu with Varieties of North East style
- ✓ Hot Water Facility
- ✓ Purified Drinking Water
- ✓ Medical Facility
- ✓ News Paper & Magazines
- ✓ Recreation room

Why Nursing?

Nursing is an art of care and a client centered science based profession which aims to restore, improve and maintain the health and physical performance of a patient thereby improving quality of life.

Reliable estimates predict a 40% increase in job opportunities for nurses in India in the next five years. This is partly due to changing health profiles and changing attitudes towards the profession at large. It is a demanding and satisfying profession with the core being the significant hands-on contact with clients and patients. From the neonate to end of life spanning various specialties. Nurses have a good scope even at abroad and they are the first contact for health care advices in many countries
