Welcome to a transformative educational journey at Hierank Business School!

Letter from Founders' Desk

With time, the importance and meaning of education has changed. Relevant education goes beyond theoretical knowledge, it should involve practical application too and lead to better job opportunities.

A college degree alone isn't enough in these fast-paced times. In a rapidly changing world, leading companies hire employees based on their skill sets and not just their marks. They seek professionals who are ready for new job roles from their very first day.

We, at Sunstone, bring together the best of learning and industry practices to ensure that every student is transformed into a professional who is noticed by employers.

We empower you to meet the demands of the industry by complementing the traditional education model with a curriculum that is designed and delivered by recruiters. To help you stand out from the crowd and kickstart your dream career, we ensure you get ample opportunities to practise what you learn and aid your holistic development by enhancing your overall skills. We increase your chances of getting your dream job by helping you develop a professional portfolio which highlights your skills, experience and achievements.

Sunstone is transforming India's future workforce, one student at a time, and we proudly invite you to take the first step towards your dream job with us!

Hear from **the students**

Gunjan Tiwari , MBA, 2023-25

The dynamic curriculum, industry-focused approach, and supportive faculty have equipped me with not just theoretical knowledge but practical skills crucial for success in today's business world. The exposure to real-world scenarios through live projects, job simulation, internships and workshops has been invaluable.

Simarpreet Kaur, MBA, 2023-25

My time at Hierank Business School has been nothing short of transformative. The faculty's expertise, combined with a dynamic curriculum, has broadened my perspective on business strategies and leadership. Engaging in various projects, and presentations and interacting with diverse minds has honed my critical thinking and problem-solving abilities.
