

Kickstart your career with

**Assam Down Town University,**  
**Guwahati** Powered by Sunstone

# From ADTU's Vice Chancellor

Prof. (Dr.) Narayan  
Chandra Talukdar  
Vice Chancellor

A hearty welcome to Assam down town University (AdtU). We all appreciate your interest in this university of ours. It is a privilege beyond words to be here. Indeed, it is immaculately serene. There is greenery all around. The mighty Brahmaputra flowing nearby adds to its charms. It is in this pristine ambience that our university thrives. I cannot but admire the decision of the Board of Trustees to set up the university in this locality.

Our university is a micro north east India. It has students from all the north eastern states. Only fourteen years have passed since its inception. And already it has a strong international presence.

The basket of the course has in its fold, widely different hues. The Industry-Integrated disciplines in the Engineering & Management department adorn it.

We also take pride in skilling the nation through vigorous short-term programmes. True, we have a humble beginning. Yet there is a fervent wish to soar-- to excel in teaching-learning, in research, and outreach. In our own way, we also aim for a better world.

Towards that, we seek to combine intellect with skills, technology with ecological concern, science with humanism, health with compassion, and local with universal ethos.

Admittedly, we have a long way to go. Yet we too envision a better world-a better civilization that grows and sustains.

Come, join, and make us stronger.

# Letter from Founders' Desk

With time, the importance and meaning of education has changed. Relevant education goes beyond theoretical knowledge, it should involve practical application too and lead to better job opportunities.

A college degree alone isn't enough in these fast-paced times. In a rapidly changing world, leading companies hire employees based on their skill sets and not just their marks. They seek professionals who are ready for new job roles from their very first day.

We, at Sunstone, bring together the best of learning and industry practices to ensure that every student is transformed into a professional who is noticed by employers.

We empower you to meet the demands of the industry by complementing the traditional education model with a curriculum that is designed and delivered by recruiters. To help you stand out from the crowd and kickstart your dream career, we ensure you get ample opportunities to practise what you learn and aid your holistic development by enhancing your overall skills. We increase your chances of getting your dream job by helping you develop a professional portfolio which highlights your skills, experience and achievements.

Sunstone is transforming India's future workforce, one student at a time, and we proudly invite you to take the first step towards your dream job with us!

# Hear from **the students**

**Sazid Hassan, MBA, 2021-23**

The department's unconventional way of teaching would help anyone to solve any practical issues, its initiative to advocate persistent T&D sessions & Sunstone's novel system to streaming various skill-building programs acted as a synergist to try new things, to literally "climb to new heights" and strengthened the multi-disciplinary skillset to expand the scope of placement.

**Meghna Nambiar, MBA, 2023-25**

My experience at Sunstone ADTU campus has been phenomenal. The professors are extremely knowledgeable, and approachable, and teaching methodology is top-notch. I recommend Sunstone to those looking for a place that encourages academic and personal growth.
